

CATERPILLAR FILTER CAB AIR 2667765 NEW

Product Images

Description

It pays to choose genuine Filters to protect the iron that generates your income. Cat Lower Restriction Cabin Air Filters are available for Cat equipment models that have low cabin air flow. These filters allow for greater air flow into the cab. Designed to reduce airborne irritants, our cabin air filters create a cleaner and more comfortable working environment for the operator. Cat Air Filters are environmentally friendly, offer a long service life and deliver exceptional filtration, making them a smart choice for your business.

Attributes:• Environmentally friendly• Offer long service life
Applications:• Situations with poor cab air flow
Note: Cabin air filters are not to be used in filtering hazardous materials.
