

CATERPILLAR ENGINE AIR FILT 2525001 NEW

Product Images

Description

It pays to choose genuine Filters to protect the iron that generates your income. Contamination is your engine's number one enemy, which is why it's critical to protect your Cat equipment with genuine Cat Filter Elements. Cat Standard Efficiency Primary Engine Air Filters are your best value for normal duty applications, delivering increased engine protection and preventing equipment downtime. Offering a long service life and exceptional filtration, Cat Air Filters are also environmentally friendly and cost effective. Designed to the exact specifications of your Cat equipment, genuine Cat Filters are a crucial factor in your machine's ability to use air efficiently. A clean filter element protects internal mechanisms from being damaged by dirt. Consistently choosing Cat Air Filters is the best choice to ensure long life and optimum performance of your Cat machinery. Attributes:

- Quick serviceability
- Improved contamination control
- Holds particulates during filter change
