

CATERPILLAR SWITCH A-MAGNET 1654026 NEW

Product Images

Description

Description: Cat components make certain that your equipment is operating at an optimal level. Cat magnetic contact switches are an electromechanical switch used to safely switch a high current component on or off. Attributes: • 2 bolt mounting • Highly durable Application: Used in electrical system of heavy-duty equipment. Consult your owner's manual or contact your local Cat Dealer for more information. Cat components can operate in heavy-duty applications such as severe vibration, shock, extreme operating temperature ranges, thermal cycle, thermal shock, humidity, corrosion and excessive dust.
