

CATERPILLAR TURBO GP / BORG 1107897 NEW

Product Images

Omschrijving

Turbochargers enhance engine efficiency and power output by forcing more air, and proportionately more fuel, into the combustion chamber. Turbochargers are designed, manufactured, and tested to withstand the extreme temperatures and pressures inside your engine. We test center housings for seal integrity, and dynamically balance all rotating assemblies so you know you're getting genuine Cat quality and reliability.

- Reduce owning and operating costs by increased service interval timing, improved altitude and turndown capability, and improved uptime.
- Available off-the-shelf to reduce your downtime and lower repair bills, helping you achieve the lowest owning and operating costs over your engine's lifecycle.
- Cat Turbochargers come with an industry-leading, unlimited-mileage, 12-month standard warranty.
