### Specificaties

|                |                 |
|----------------|-----------------|
| Projectnummer: | PRJU20250722966 |
|----------------|-----------------|

|        |       |
|--------|-------|
| Staat: | Nieuw |
|--------|-------|

|       |          |
|-------|----------|
| Merk: | mercedes |
|-------|----------|

|              |         |
|--------------|---------|
| Motornummer: | 0000051 |
|--------------|---------|

|       |               |
|-------|---------------|
| Type: | Dieselmotoren |
|-------|---------------|

|                |           |
|----------------|-----------|
| Soort product: | Origineel |
|----------------|-----------|

|                     |                               |
|---------------------|-------------------------------|
| Computer aanwezig?  | yes                           |
| Motor kleur         | black                         |
| Motor koeling type  | radiator cooled (std)         |
| Uitlaatsysteem      | dry                           |
| Injectie type       | ecu (electronic control unit) |
| SAE vliegwiel       | unknown                       |
| SAE vliegwielhuis   | sae 2                         |
| starter voltage     | 12 volt                       |
| totale hoogte       | 120 cm                        |
| lengte              | 120 cm                        |
| Breedte             | 90 cm                         |
| Turbo type          | dry                           |
| Gewicht (specifiek) | 750 kg                        |
