### Specificaties

|                |                |
|----------------|----------------|
| Projectnummer: | PRJN2025100169 |
|----------------|----------------|

|        |             |
|--------|-------------|
| Staat: | Gereviseerd |
|--------|-------------|

|       |            |
|-------|------------|
| Merk: | mitsubishi |
|-------|------------|

|              |        |
|--------------|--------|
| Motornummer: | 413773 |
|--------------|--------|

|       |               |
|-------|---------------|
| Type: | Dieselmotoren |
|-------|---------------|

|                |           |
|----------------|-----------|
| Soort product: | Origineel |
|----------------|-----------|

|               |         |
|---------------|---------|
| Motorconditie | rebuild |
|---------------|---------|

|                     |                                      |
|---------------------|--------------------------------------|
| Constructie jaar    | 2022                                 |
| Computer aanwezig?  | no                                   |
| Motor kleur         | beige                                |
| Motor koeling type  | external exchanger (eg. keel cooled) |
| Uitlaatsysteem      | not mounted                          |
| Injectie type       | mechanical fuelpump                  |
| starter voltage     | no starter present                   |
| totale hoogte       | 130 cm                               |
| lengte              | 135 cm                               |
| Breedte             | 85 cm                                |
| Turbo type          | none mounted                         |
| Gewicht (specifiek) | 950 kg                               |
